I am a subscriber to xradio, I pay \$9.99 a month to get cable on my radio that I would have in my house"except for pictures". I don't feel that this petition is in my interests as a consumer .I get all kinds of music ,plus all the nascar races LIVE, Sports24/7, any time I need a score I flip to espnews. The local channels add to the nesessity of the service. Please vote N.O to the petition#04-160
